Basic Information

- Place of Origin: Japan
- Brand Name: Komatsu
- Model Number: PC30
- Minimum Order Quantity: 1Sets
- Price: 6000-11000 USD
- Packaging Details: Container,Bulk
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: About 7 units are supplied every month

Product Specification

- Model: PC30
- Capacity: 0.09
- Max Digging Hight: 3530
- Max Digging Depth: 2670
- Working Weight: 3140
- Travel Speed: 4.6
- Overall Size: 4.56×1.55×2.52m
- Engine Power: 21.4
- Highlight: **Heavy Duty Work Komatsu Construction Excavator**
, Used PC30 Komatsu Construction Excavator,
Second Hand Komatsu PC30 Excavator

Product Description

PC30 with 21.4 Engine Power Komatsu Construction Excavator 3D88E-6 for Heavy Duty Work

Product Description:

The Komatsu Heavy Equipment Excavator is known for its advanced technology and innovative features that make it stand out in the market. The Used Komatsu Excavator is no exception, as it comes with a powerful 3D88E-6 engine that provides high torque and excellent fuel efficiency. This makes it a cost-effective choice for any construction project, whether big or small. With a working weight of 3140 kg, this excavator is designed to handle heavy loads and can easily maneuver through tight spaces. Its compact size also makes it easy to transport and operate in any type of terrain. The Max Digging Height of 3530 mm ensures that it can reach deep into the ground and perform precise digging and excavating tasks. The overall size of the Used Komatsu Excavator is 4.56×1.55×2.52m, making it a perfect fit for any job site. Its sturdy and durable construction guarantees long-term use, even in the toughest working conditions. It is a cost-effective solution for anyone looking for a reliable and efficient earth moving excavator.

Technical Parameters:

Key Features	Technical Specifications
Product Model	Crawler Excavator
Model	PC30
Engine Model	3D88E-6
Engine Power	21.4hp
Working Weight	3140kg
Capacity	0.09m³
Max Digging Depth	2670mm
Max Digging Height	3530mm
Travel Speed	4.6km/h
Overall Size	4.56×1.55×2.52m

Applications:

The Komatsu PC30 Used Crawler Excavator is equipped with a powerful 3D88E-6 engine, capable of delivering 21.2 horsepower. This enables the excavator to efficiently and effectively perform a variety of earth moving tasks, including digging, trenching, and loading. With its large digging force and bucket capacity, this excavator can easily handle any type of soil or material.

Built with the highest quality materials and advanced technology, the Komatsu PC30 Used Crawler Excavator is designed to withstand even the toughest working conditions. Its robust construction and reinforced components ensure long-lasting performance and minimal downtime, saving you time and money in the long run.

The Komatsu PC30 Used Crawler Excavator is designed with user-friendliness in mind. With its ergonomic controls and smooth operation, it is easy for operators of all skill levels to handle. The excavator also comes with a variety of attachments, such as buckets and hammers, to further enhance its versatility and efficiency.

Packing and Shipping:

Packaging

Each used Komatsu excavator is carefully inspected and prepared for transportation. We use high-quality packaging materials to protect the machine from any potential damage during shipping.

The excavator is securely wrapped and strapped to a pallet, and all attachments are securely fastened to prevent any movement during transit.

We also include a detailed packing list with each shipment, outlining the contents of the package and ensuring that all parts and accessories are accounted for.

Shipping

We offer various shipping options to our customers, including air, sea, and land transportation. Our team works closely with trusted shipping partners to ensure the most efficient and cost-effective shipping method for each order.

For international shipments, we handle all necessary customs documentation and procedures to ensure a smooth delivery process.

Once the excavator is shipped, we provide our customers with a tracking number so they can monitor the progress of their order and plan for its arrival.

Final Inspection

Before each used Komatsu excavator is shipped, we conduct a final inspection to ensure that it meets our high-quality standards. This includes checking all components and functions, as well as performing any necessary maintenance or repairs.

We want our customers to receive their excavator in the best possible condition, and we take every measure to ensure its safe and reliable operation.

Conclusion

With our meticulous packaging and efficient shipping process, you can trust that your used Komatsu excavator will arrive safely and on time. Our commitment to quality and customer satisfaction is at the heart of everything we do.
